## The Working Man

Many seem to think that anything is good enough to sell the workingman.

This store makes a specialty and a study of his needs. We try to supply him with the best of everything in his line.

ITS NOT HOW CHEAP but HOW GOOD an article we can supply. HOW MUCH VALUE WE CAN GIVE FOR HIS DAYS WAGE, THAT'S OUR AIM.

We sell 8-oz. denim overalls in black or blue, pant or bib style, well-made, \$1.00.

We sell the Railroad King overalls and smocks made from Steifels and other best brands American denims, the roomiest, best shaped and the best wearing overalls in Canada, \$1.50 each or \$2.75 a suit, in black, blue or blue striped, all sizes.

### RAILROAD KING

UNION MADE  
OVERALLS  
& JACKETS

RAILROAD KING  
AMERICAN  
GOODS  
MANUFACTURED  
IN CANADA

All leather gloves from 50c up.  
A splendid line of household gloves for \$1.00, all sizes.  
Shirts, sweaters, underwear.  
Look at our hard wear drill shirt at \$1.00.  
Wool and cotton socks, all prices.  
Cloth caps, tweed hats, canvas hats, felt hats from 75c up.  
Straw hats, all prices.  
WE SELL SOLID LEATHER BOOTS MADE FOR  
SOLID WEAR for very little more money than the  
trashy go-to pieces kind.  
MONEY SAVED IS MONEY EASILY MADE

## WILL ABANDON THE INDIAN PAGEANT

Splendid Feature Cut Out --  
Much Disappointment  
Will Result

After having had for many years one of the most pleasing and instructive features that any town could positively produce at annual celebration, it has been decided by the officials in charge to cut out the famous Indian pageant from the programme. This is to be regretted and much disappointment will be felt by hundreds who have not been so fortunate as the old residents in viewing this magnificent and unique spectacular parade. There is no doubt but that this action is taken on account of the Indian feature detracting from the interest at the race track and other sporting features at the Fair grounds. While lamenting, if fair and square and conducted on a legitimate basis, should be encouraged, that does not say that it should be the dominant feature at the annual celebration. The Agricultural Fair proper should receive every encouragement. A world of good can be accomplished by a complete display of grain, fruits, trees and any products of the soil of the district. A splendid thing in the way of encouragement to horse and cattle breeders by the giving of generous prizes for the best stock shown, can be accomplished for the good of the whole community, but after all is said, there must necessarily be some special feature at these celebrations to attract people from the outside, other than these things which are common in every community. The Indian pageant feature is not a common one in other localities, although Macleod people locally may have seen it often. There has arrived a period in the history of Macleod when the selfish interests of individuals must inevitably be cast aside and each and every one must work for the good of the town or be relegated to the rear ranks. It is up to those who are responsible for the abandonment of the Indian parade to suggest a better drawing card. It is an easy matter to draw but harder to build up. As this feature is to be done away with let us have a suggestion from those responsible, of a feature just as good that can be introduced at the same cost as the one left out. Names of the most prominent men of Macleod favor the Indian parade as a drawing card and if something as good or better is not forthcoming a war will certainly be made.

### TWENTY YEARS AGO

Interesting Items from Macleod Gazette, May 30, 1888

On May 31 at 21:30 Out, the wife of H. Patterson, of a son.

At the ranche near Macleod, on May 24, the wife of W. F. Parker, of a son.

The new mill started last week. Cooler and threatening rain today.

The biggest crowd in the history of Macleod was in town this week.

The police record for a western race week is a pretty clean one, one of which would cause a fool to boast. The police had little or no work to do.

St. Nick's horse Tempest has been purchased by A. H. Heney. Price paid \$400.

St. Nick's string team ran away last week and mingled things up generally. There was no damage done beyond the overturning of a wagon or two.

The swepstakes rifle match took place on the Macleod Rifle Association range on Sample's bottom Wednesday the 26th inst. Ranges 100 and 200 yards, seven shots at each, highest possible score 50. Following were those who took part, with total scores at both ranges: W. Pearce 62, Geo. Anglen 61, Const. Ginty 61, J. J. Hefen 61, A. H. Anderson 61, W. S. Jackson 61, Serg. Sergeant 58, Staff Sergeant, Gaffney 54, W. H. Lees 54, W. Sharp 54, Jerry Potts 46.

(Continued.) The Macleod Dramatic Association gave their third performance in the town hall. "It" division last played during intervals. The farce "Our Gal" was presented and the following took part: Mrs. Wood, Miss Ground and Mr. Selton. This was followed by vocal and instrumental music. The vocalists were Dr. DeVeber and Messrs. Cowen and Haultain. Mr. Cochrane played a flute solo, Serg. Bagley a violin solo, accompanied by Mrs. Neale on the piano. Next on the programme came the farce "Area Belle" in which the following took part: Messrs. Dennis, Wood, Vaughan, Mrs. Wood, Mrs. Crocker and Miss Ground.

Arbor Day was locally celebrated last week by our Mormon neighbors at Lee's creek. Among the trees transplanted from the creek were some evergreens and when the other species have assumed their foliage the homestead of the latter day Saints will form quite a pretty landscape. The residence of Mr. C. O. Carl does serve special notice. In these enclosures the trees are carefully selected and arranged with much taste. This transformation scene was witnessed by A. M. Stenhouse who planted some of the trees. He is quite enchanted with the place and its people and has resolved to settle there.

Southern Alberta Fruit Association held its first race meet.

Sgt. Hedderington whose term of service expired on the 26th has signed on for three years more.

Constables Daffin and Maringer received their discharge by purchase on the 22nd and 23rd.

### THE BREHANY CONCERT CO.

One of the Best Musical Entertainments Ever Given in Macleod

One of the best musical treats probably ever given in Macleod was the Brehany Concert Saturday night. Each member of the company is an artist and it would be difficult to say which gave the most pleasure to the highly critical and appreciative audience that listened with intense enjoyment to the parts rendered.

Miss Brehany has a wonderful voice different perhaps in range from any has ever heard. She takes her music from the lowest to the highest three cleaves, with an ease and clearness which is marvellous. The audience is spell bound from the time she commences until the finale.

What can be said of Miss Brehany's vocal powers can be said of Maximilian Deh, the violinist, Miss Edith Adams, the violinist, and Alice McClung, the pianist. They are all high class artists and one feels that he could listen for hours to the exquisite soul-stirring harmony that takes one almost away from himself and places him in an exalted state of delicious ecstasy until the last notes of the music dies away. It is to be hoped that this class of performers will frequently visit Macleod. It was a rare treat.

The beautiful stage settings of the town hall are certainly a credit to the town. How very much is added to the enjoyment of the audience at a high class concert like the Brehany, when the eye is resting upon the artistic stage scenery, and the harmonious stage furniture. Its pleasing, isn't it, and the town certainly deserves credit for the care and thought given and the expense incurred in making the stage attractive. To be sure a good revenue is derived from the hall rentals and improvements of this kind can easily be afforded, but that doesn't take away any of the credit for seeing these things, does it?

A match takes place to night (Friday) between the V.M.C. and Glenora of the Mill grounds. Kick off at 7.

### Mend your Sole

Of course I can and also any other part of your footwear.

## AN IMPORTANT BUSINESS CHANGE

Big Implement Firms Will Consolidate--Macleod to be Distributing Point

The Chronicle has received information from an authentic source that at least two and probably more of the large farming implement firms doing business in Alberta are to consolidate their interests. The International Harvester Co. and the Massey-Harris Co. will unite forces and possibly will be joined by the Tuolumne Anderson Co., Cockshutt, Deere Co., John Deere Co., and the J. I. Case Threshing Machine Co. Macleod has been selected as a distributing point for Southern Alberta. A site has been secured on the C.P.R. Depot grounds and a large warehouse will be erected just as soon as possible. This place was selected for headquarters after a thorough investigation of the country to be covered by the company, an ample plan for the situation of Macleod as a business centre. In conversation with one of the leading implement men, our representative was told that this was undoubtedly only the beginning of warehouses that would be erected in the near future by dealers and jobbing houses in other lines. It is gradually drawing upon shared business men of the east, that Macleod affords advantages as a point distribution for a vast territory, that are unequalled. That this is true cannot be gainsaid. It will not be long ere manufacturers will also see the advantages Macleod has for cheap motive power, which takes in connection with the excellent transportation facilities will undoubtedly bring capital into the town before much time has elapsed.

### Board of Trade Meeting

The combined Board of Trade exhibition committees met Thursday night. There were present President F. Hale, A. P. van Sonneveld, H. McIntosh, M. C. Maclean, R. H. Hilliard, A. F. Grady, C. Genge.

The following committee was appointed to solicit and collect exhibits for the Macleod district display at the Dominion Fair, M. C. Maclean, H. McIntosh, F. A. Adams and R. H. Hilliard.

To take charge of the exhibit at Calgary and arrange the same properly M. C. Maclean and P. A. Adams were appointed.

E. Doberer and Colin Macleod were appointed as delegates to the convention of the Associated Boards of Trade to be held at Medicine Hat in June. The matter of bringing to the notice of the Manufacturers' Association of Canada to the advantages possessed by Macleod as to power, facilities for transportation, situation as a distributing point, was placed with E. Doberer and Colin Macleod.

## CHRONIC KICKS

Do you know that it has often occurred to us that the people of Macleod hardly realize the immense advantages this town possesses over hundreds of places whose population is far in excess of one ours? This was forcibly brought home on Monday when the writer accidentally met an old acquaintance at the Macleod station, and it may be pardurable, and interesting to our readers to give the substance of the conversation that took place. Some years ago we had the pleasure of making the acquaintances of Anthony Macleod of St. Louis, who is prominently known in the ranks of the latest pecking-fowls of that city, in fact who owns with his two brothers, a controlling interest. We were surprised to see the genial "Doc" as he is now familiarly called by his friends waiting for the C and E to start for Calgary. It was long since train time and business life at Macleod first questions like shot out of a galling gun. We explained the situation of Macleod from a transportation standpoint, expounded upon the agricultural economy, mentioned the electric water works and the electrical system, and then the question came from the gentleman like a shot, "What about motive power?" "Mr. Macleod," we said, "Come to the corner of this building and you can partly see the Old Man river. The current is deep and swift, and there is enough power there if properly harnessed to run hundreds of plants much larger than your own." He was rattled when told that Macleod only had a population of about 2,500 people. "Why then," he exclaimed, "you have a site here that if properly advertised and brought to the attention of investors would in a few years grow into a city of 100,000 people. Its advantages are enumerable. Why, you know, and have seen yourself, towns in the States without any apparent advantage grow into cities of 25,000 and 50,000 population in a remarkably short time. I can see that all Macleod needs is some American push to place her in the front ranks of cities where she belongs." He added laughingly, "Mr. Macleod is on his way to Vancouver and promised if he could possibly arrange it, to come back this way on his return and spend a day in Macleod."

Here is a man who has had an extended and successful business career, who has declined in all parts of the world and yet has these good words to say of Macleod. Is it not encouraging? Why then cannot the town be pushed to the front more rapidly? Are we Rip Van Winkles or is there too much individual selfishness lingering in our midst that is keeping back the wheels of progress? By being misled and every man boosting for the good of the town irrespective of party, cliques or regions would not each individual interest be benefited? It is up to the citizens of Macleod to make her just what they please. Let's start at once and see how soon the results will come.

The grading of the streets is causing considerable comment for we against the method employed. As we said once before, this section of the street that is now being graded is but an experiment and it does not prove satisfactory some better method will be sought. At the present writing it appears to us that the road being made is

going to prove to be a permanent and satisfactory one. The expense incurred in its construction is surely minimal and the experience gained will well repay the money spent. Hold your judgment for the time until the portion of the street is completed and you may think entirely different from what you do on a hasty judgment. Give the Property and Works Committee a chance at least to show what they intend doing. It may possibly be the right thing.

How much money did you send to outside furnishing houses and department stores during May? Don't you think you would have been just as happy, just as well dressed, surrounded in your home by just as good and satisfying articles of comfort, if you had bought from your town dealers? Give the master serious thought and you will certainly come to the conclusion to keep your money in circulation at home. In this way many a dollar will find its way again into your purse. It sent out of town, it's gone, and you don't get a chance at it again. Isn't that logic?

The "Easy Man's Magazine" for June comes to our desk, trim full of interesting articles by well known writers. If possible it surpasses any of the previous editions. The articles from start to finish are admirable and one certainly spends an enjoyable hour reading the fresh, entertaining and up-to-date thoughts expressed on the five issues of the day by the talented array of contributors. The publishers are to be complimented.

The first department is doing good work. Every encouragement should be given the officers and members. There is no easy job but they fulfill their duties fearlessly and cheerfully.

A new innovation, which is a good one, is the wearing of handkerchiefs by the officers and men of the department. This is absolutely needed so that during a fire there can be no mistake as to who has authority to act.

Take alive interest in the Macleod district exhibit at the Dominion Fair. Let every individual citizen think of some suggestion that may be helpful to the committee in charge. Every person having anything to exhibit, bring it along or tell the committee about it. Be loyal to the district and don't show small petty selfishness by asking to be paid for advertising your own interests. Let us make the exhibit one of the very best at the fair.

Who is going to fill the vacancy in the council caused by the resignation of C. H. Baker. Now is the chance for one of the many of our good enterprising citizens to devote some of the commonwealth. Whoever the man is he must be a booster and have a keen business insight on matters pertaining to the present and future welfare of the town. Don't all speak at once.

## The Fortnightly Club

The Fortnightly Club have completed their course of study for this season. During the winter some excellent papers were given on Italy—its history and literature. The history of Italy from the fall of Rome on, lends itself to the study of man's development under the various systems of government—autocracy for a nation's childhood, oligarchy for its youth, and democracy for its full manhood; each stage being a necessary one. One of the papers provoked a spirited discussion of the question of feudalism, the purpose it served in developing individualism and the spirit of independence in the middle ages. It was interesting to trace the decay of this system as the order changed giving

place to the new. The history of the life of Svanorala was splendidly written. One meeting was devoted to studying Florence, its history, art literature, music and the names of Michel, Michel Angelo, and Dante. Views of the great art treasures of this city were shown by members who had visited Italy. Perhaps the most interesting part of the study was tracing the awakening of a new national life in modern Italy after her long sleep. Next session, the ladies think of studying a Shakespearean play and the history of Germany.

To close the work of this first term, the club gave a Schubert musicale to their friends on Tuesday evening at the home of Mrs. Grady. The fifty guests were received and welcomed by the president, Miss Elder. The clergymen of the town and other music lovers were present. Miss Jessie Jackson opened the programme with a pretty selection played very sweetly. A most fascinating sketch of the life of Schubert was read. Mr. Jones then favored the audience with delightful selections from that composer's works. In listening to these minors, so sad but always sweet, one forgot Canada—forgot even Macleod with its sun, wind and rain, and instead lived in another world with Schubert, in joy and sorrow, in poverty and disappointment and ill health, brave through all and never morbid. Miss Bruce sang one of his many songs. Her interpretation was splendidly sympathetic. Miss Jackson too, added to the pleasure of the evening by her playing of the Impromptu. The solo solos by Miss Mollie Griffin were much enjoyed. The audience was very pleased to have Mr. Aidan present to play for them. One would not dream that such light refreshments as coffee, sandwiches, cake and sherbet would engender hilarity. Perhaps that word is too strong. However the night broke forth into college songs. The wee wee hours crept on, still the singing continued. It would seem that they felt that they were getting their innings from Fate who had robbed them of joy on Victoria Day. Finally however, the party broke up, plunged into the darkness and rain carrying in their hearts much enough to dispel any gloom, however dense.

v. A. Walker took for his text,  
"ae," His weakness and his  
"ngth." Their director Al-  
than was absent on account of ill-  
ness. The singing, however, was  
good and the congregation gen-  
erally appreciated the solo, "Come  
unto Me," which was beautifully  
rendered by Miss Collins.

## SPORTS

By B. I. Bell.

### BASEBALL

Much disappointment was caused  
on Victoria Day in many towns  
where preparations had been made  
for a good day's sport, by the  
heavy downpour of rain which  
necessitated the cancelling of some  
of the events and in many cases  
of the whole programme. Here in  
Macleod the opening of the Crow's  
Next baseball league was post-  
poned until next Monday when  
Fincher and Macleod will endeavor  
to have their game settled. The  
game will be called at 6:30 o'clock.  
Turn out and give the boys a  
rousing opening.

On Thursday last a friendly  
game of baseball was played at  
Granum between the nine of that  
town and Macleod. Runs were  
few. After a good close game the  
score back read 4:3 in Macleod's  
favor. This was the return en-  
counter between these teams.

### FOOTBALL

The return match between Mac-  
leod Y.M.C. and Lethbridge Ran-  
gers was played off on the ground  
of the latter on Monday evening.  
Every prospect of a good game  
was completely shattered owing  
to the heavy downpour of  
rain which continued all day from  
early morning. Consequently the  
ground resembled more of a slough  
pond than anything else, especially  
in the vicinity of both goals. This  
made the going very heavy. Both  
clubs had a good representative  
side out with one or two changes  
from the teams originally selected.  
John Craig had charge of the  
game and at seven o'clock whistled  
up the teams as under:

Rangers—Macdonald goal; Fer-  
rie, Carr backs; Scott, Chaswick,  
Smith halves; Barber, Fairbrother  
White, Holberton, McMillan for-  
wards.

## R. B. BARNES

### DISPENSING AND FAMILY CHEMIST

Joining Union Bank. 2nd Avenue

My Specialty:

DISPENSING

My Motto:

ACCURACY, PROMPTNESS, NEATNESS

Telephone 26

Y.M.C. — Nifty goal; Jovett,  
Marr backs; Burke, Forbes, Mudge  
halves; Clarke, Greensmith, Ad-  
dison, St. Luke, Runk's forwards.  
The refs kicked off against  
wind and rain and for some twenty  
minutes the play ruled even. The  
Rangers who were more at home  
on the heavy ground became ag-  
gressive and opened the scoring  
with a shot from the left. Before  
half time the Blues netted twice  
and crossed over with a lead of  
three goals. In the second forty  
the Y.M.C. put up a better fight  
and had as much of the play as  
their opponents. After about fif-  
teen minutes play Forbes opened  
their account. The Rangers came  
again and scored their fourth. Dur-  
ing an attack on the home goal  
by Addison and Co., Chaswick pre-  
sented the Y.M. with their second  
point by kicking into his own goal.  
From this stage of the game to the  
finish the play was good both sides  
putting in some fine work consid-  
ering everything. Both sides  
scored again. St. Luke putting  
through for Macleod and Fair-  
brother for the Rangers. An ap-  
peal for off side by the Y.M. was  
not entertained. At the end of  
time the score stood at 6:3 in the  
Rangers' favor. Both goalies had  
great difficulty in moving around  
being more often than not stuck in  
the mud and slithering with the  
cold. All the goals scored were of  
the soft variety. Had the field  
been dry a good and fast game  
would have resulted as there was  
little to choose between the teams.

The Y.M.C. have been entered  
for the Provincial Championship  
of Alberta (Banquet Trophy) and  
have to meet their opponents of  
Monday for the opening game.  
The ground and referee has yet to  
be decided upon by the two clubs.  
There is to be played on or be-  
fore June 13. This will make the  
third meeting between the two  
clubs this season. The Y.M.C.  
have two objects to wipe off the  
slate, so it is up to them now to go  
right in and come out on top in

From every part of the Empire "upon which the Sun never  
sets" new orders are received for the famous

# Pantry Queen

The product of grain grown in the  
Macleod District, Southern Alberta's  
greatest grain producer.

## THE MACLEOD MILLING CO.

A cup of BOVRIL is a fine  
tonic in any season, but it is  
valuable in many other ways.  
A little added to Hales  
and Steves greatly improves  
their food value. Try it when  
warming Canned Meats.

## BOVRIL

the cup match. Get out and prac-  
tise boys and practice hard. With  
a slight change or two Monday's  
team is as good as can be get to-  
gether. I would suggest a team  
from the following: goal Bam-  
ble or Bradford; backs Marr and  
Jovett; halves Burke, Forbes and  
Hodge; forwards Clarke or Shaw,  
Greensmith, Addison, Murphy and  
Ranks. Given a nice dry ground  
a team from this list of players  
would make a good showing  
against the Rangers.

Besides Macleod and Lethbridge  
the other aspirants for the Trophy  
are Calgary Caledonians, St. Pauls,  
Edmonton, City of Strathcona and  
Bankhead.

A football club has been formed  
at Rocky Coulee. They say they  
are ready to play all comers and  
would like to arrange home and  
home matches with any of the  
surrounding clubs.

There is some talk of forming  
two leagues among the clubs in  
this district. R. A. Fairbrother  
of Lethbridge has been endeavor-  
ing to form a small league  
comprising Lethbridge, Tabor and  
Macleod. Tabor however sent no  
reply. Macleod also received an  
invitation to meet a league com-  
prising of Charosholm, Granum,  
Rocky Coulee and Macleod. That  
is as far as the matter stands.  
One league only is sufficient and if  
one is to be formed now is the  
time to think about and get it go-  
ing. But what teams shall com-  
prise the league seems to be the  
question. One suggestion given  
was that Lethbridge, Macleod and  
the best team of the other three  
clubs—Charosholm, Granum and  
Rocky Coulee—form a league. I  
should like to hear of other sug-  
gestions so as to get things on a  
proper footing. It is no use wait-  
until the season is half over before  
doing anything. What do you  
suggest Charosholm, Granum and  
Rocky Coulee?

## THE STORE OF QUALITY

### The Cream Separator the Creamerymen use

Today over 98 per cent of the world's creameries use DE LAVAL separators. This fact means much to every cow owner. Without the separator creamery operation would be almost impossible. No matter whether the creamery is buying whole milk or cream its success rests upon the centrifugal cream separator. Those who are buying whole milk skim it at the factory with DE LAVAL power machines. Those who are buying cream advise their patrons to purchase DE LAVAL hand machines. The largest and most successful creamery company in the world is buying cream from nearly 50,000 patrons to whom it has sold or recommended DE LAVAL hand machines, after many years of experience with all kinds of separators. Had the DE LAVAL not been the best and by far the most profitable separator for anyone owning two or more cows, this great creamery would never have taken the responsibility of placing them with its patrons. And this is true in hundreds of other instances for creameries can be found in every part of the world having from a few hundred to many thousand DE LAVAL patrons. Wouldn't it pay you to find out why experienced creamerymen prefer the DE LAVAL to other separators? You may learn the reason by asking for a DE LAVAL catalog, or better still a DE LAVAL machine—to examine and try out at your own home free of all expense. Don't wait, but come and see us at once.

Our stock of Groceries will always be found Fresh, Clean and Prices Right.

## The Social Realm

By Lady Gay

Rev. W. A. Lewis and Miss Pauline spent Tuesday at Lethbridge.

Gus. Harbille of the Hudson's Bay spent Victoria Day at Lethbridge.

Mr. and Mrs. W. H. Jeffrey were the guests of Mrs. M. E. Roy of Lethbridge on Victoria Day.

Miss Jackson, organist at the Methodist church will leave shortly for the east on a visit to her parents.

Miss Ida Stewart of Saskatoon arrived in Lethbridge Thursday on an extended visit to her sister Mrs. Hugh Johnson.

Del. McGee, formerly with A. Young & Co., now located at Pincher Creek, spent Sunday and Monday renewing old friendships and incidentally enjoying himself in a very cozy corner of Macleod where two company last etc. etc.

A quiet wedding was solemnized at the Presbyterian manse Tuesday when Miss Annie Williamson of Granum was united in the holy bonds of matrimony to Mr. Leonard Koole of Lethbridge. The Rev. A. Walker performed the ceremony. The bride's sister, Miss Alice Williamson made a charming bridesmaid, and Beston Koole, a brother of the groom was best man. The ceremony was witnessed by the father, mother and brother of the bride. The Chronicle wishes the happy couple a successful life.

## Spring Millinery

Fancy Ribbons and Flowers Ladies' Silk and Lawn Waists. Have you seen my Spring Skirts?

Miss A. M. Wilson

At the services of the Presbyterian church Sunday evening the Rev. A. Walker took for his text, "Isaac." His weakness and his strength." Choir director Alton was absent on account of illness. The singing, however, was good and the congregation especially appreciated the solo, "Come unto Me," which was beautifully rendered by Miss Collins.

## SPORTS

By B. F. Bell

### BASEBALL

Much disappointment was caused on Victoria Day in many towns where preparations had been made for a good day's sport, by the heavy downpour of rain which necessitated the cancelling of some of the events and in many cases of the whole programme. Here in Macleod the opening of the Crow's Nest baseball league was postponed until next Monday when Pincher and Macleod will endeavor to have their game settled. The game will be called at 6:30 o'clock. Turn out and give the boys a roaring opening.

On Thursday last a friendly game of baseball was played at Granum between the nine of that town and Macleod. Runs were few. After a good close game the score stood 4-3 in Macleod's favor. This was the return encounter between these teams.

The admission price to the first game in the Crow's Nest baseball is only 25c. See that YOU get and help make a record attendance.

### FOOTBALL

The return match between Macleod Y.M.C. and Lethbridge Rangers was played off on the ground of the latter on Monday evening. Every prospect of a good game was completely shattered owing to the heavy downpour of rain which continued all day from early morning. Consequently the ground resembled more of a slosh pond than anything else, especially in the vicinity of both goals. This made the going very heavy. Both clubs had a good representative side out with one or two changes from the teams originally selected. John Craig had charge of the game and at seven o'clock whistled up the teams as under:

Rangers: Macleod goal, Ferrie, Carr, backs: Scott, Chiswick, Smith halves: Barber, Fairbrother White, Hubberton, McMillan forwards.

A cup of BOVRIL is a fine tonic in any season, but it is valuable in many other ways. A little added to Hales and Steves greatly improves their food value. Try it when warning Canned Meats.

## BOVRIL

The cup match. Got out and practice boys and practice hard. With a slight change or two Mimbly's team is as good as can be together. I would suggest a team from the following: goal: Bam-bick or Bradford; backs: Marr and Jovett; halves: Burke, Forbes and Hodge; forwards: Clarke or Shaw, Greensmith, Addison, Murphy and Hants. Given a nice dry ground a team from this list of players would make a good showing against the Rangers.

Besides Macleod and Lethbridge the other aspirants for the Trophy are Calgary Colonials, St. Pauls, Edmonton, City of Strathcona and Bankhead.

A football club has been formed at Rocky Coulee. They say they are ready to play all comers and would like to arrange home and home matches with any of the surrounding clubs.

There is some talk of forming two leagues among the clubs in this district. R. A. Fairbrother of Lethbridge has been endeavoring to form a small league comprising Lethbridge, Taler and Macleod. Taler however sent no reply. Macleod also received an invitation to enter a league comprising of Carletonville, Granum, Rocky Coulee and Macleod. That is as far as the matter stands. One league only is sufficient and if one is to be formed now is the time to think about and get it going. But what teams shall comprise the league seems to be the question. One suggestion given me is that Lethbridge, Macleod and the best team of the other three clubs—Carletonville, Granum and Rocky Coulee—form a league. That appears to be a good idea. I should like to hear of other suggestions or as to get things on a proper footing. It is no use to wait until the season is half over before doing anything. What do you suggest? Carletonville, Granum and Rocky Coulee!

The Y.M.C. have been entered for the Provincial Championship of Alberta (Bennett Trophy) and have to meet their opponents of Monday for the opening game. The ground and referee has yet to be decided upon by the two clubs. There is a chance to be played on or before June 13. This will make the third meeting between the two clubs this season. The Y.M.C. have two defeats to wipe off the slate, so it is up to them now to go right in and come out on top in

From every part of the Empire "upon which the Sun never sets" new orders are received for the famous
